MISCELLANEOUS GOODS.

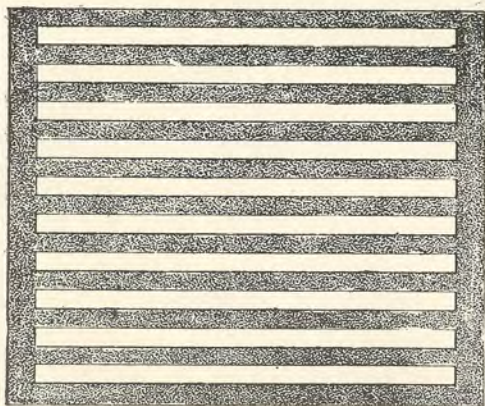

GRATE TRIVETS.

List Price Per Doz. Plain.	List Price Per Doz. Nickeled.
\$2.25	\$4.00

Discount.....

The above illustration gives a side-view of the Trivet—perfectly simple in its operation. The top front bar of the grate basket passes between the long stem (in front) and the two short stems (in the rear). The long stem crossing

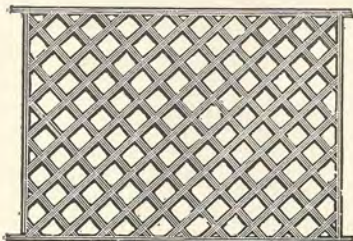

the second bar of the grate-basket acts as a brace, and securely holds the Trivet in place. This makes an ever-ready heater for coffee-boiler, tea-kettle, sauce-pans, or such articles, and can be moved from point to point on the basket to wherever the greatest heat can be found. Don't fail to keep this Trivet in your stock.
