GRAPE

This cast iron classic offers a touch of grace in the garden or on the porch, with its delicately etched design of grapes and vines. Settee, chairs and coffee table make a charming outdoor group, good for looking at or sitting on. For added beauty, accent your yard with planters in two sizes (Model 33 shown), including convenient lift-out steel liner boxes.

ADAM

Long a decorator favorite, this outdoor grouping offers a rare combination of Victorian design and modern manufacturing techniques. The result shows off how elegant cast iron can be—and how good it can look on your porch or patio.
